

INTEGRATION 2026

presents

INTEGRATION BEE

$$\int_b^a f(x) dx$$

Where Speed meets Precision

Organised by the students of
Indian Statistical Institute, Kolkata

Information Brochure

ABOUT THE INTEGRATION BEE

The Integration Bee is a mathematics competition testing participants' proficiency in solving integrals accurately and efficiently. It challenges both speed and precision under timed conditions.

A knockout challenge, ideal for those who enjoy thinking quickly and solving problems creatively.

ELIGIBILITY

- Open to students currently enrolled in high school, college, or university (minimum age 16)
 - Individual registration is required for each participant
 - Participants must carry a valid student ID issued by their institute

ENTRY FEE: ₹100 PER PARTICIPANT

PRELIMINARY ROUND

- Written test with 15 integrals of varying difficulty
 - Time: 60 minutes
 - Top scorers qualify for the Final Round

FINAL ROUND

- Conducted on board as a knockout tournament
 - In each round, single problem will be given to the contesting pair
 - Time per problem: 3–5 minutes
 - Partial marks awarded if both participants cannot solve; sudden-death tiebreaker if needed
 - Top two participants will receive prizes

DATE & TIME

25/01/2026
11 AM

VENUE

ISI Kolkata,
ISI Bangalore

RULES

- Maintain silence except while presenting solutions.
- No calculators, notes, or devices allowed.
- Any non-trivial result must be proven if asked.
- Judges' decisions are final.
- Any Misconduct will lead to disqualification.

CONTEST GUIDELINES

- Calculators, devices (phone, smart watch etc), notes, or formula sheets are not allowed.
- Problems are designed to be solvable without computer algebra systems.
